to have a big load of hot, gooey cum squishing between my toes!"

TEEN ORGY

Dear **LIVE young Girls**,

Some suggestions. Have the girls wear their panties more at the beginning of the photo layouts and don't have them take off the panties so quickly, please.

Every time you do a lesbian, multi-

girl, orgy photo layout, please have no less than five girls. It would be even better if there were more than five. And try to have a multi-girl layout with one older woman. Thank you. Sincerely,

Rolando,
New Jersey

First Greg from California wants to see less panty pictures and now you want to see more! Guess we'll just have to settle for something in between.

No less than five girls in a lesbo layout! Have you any idea what a headache it is to try to control five naked, naughty, teenage girls? It's pandemonium! Tell you what, Rolando, will you settle for three? Yes? Then be sure to check out this month's "Touchy Feely" with Elli, Anna & Ilene.

h, slumber parties. There were always those few guys who were lucky enough to sneak into one and stay a while before sneaking out. Then there were the guys who hid with a pair of binoculars and got the best peep show of their life. But when these four 18-year-old bi-babes say "No boys allowed!" they mean it. They like boys sometimes. But it's their secret slumber parties that they enjoy most. And best of all, none of their parents have any idea what goes on during their special "girl's night in." Penny, Nora, Marie and Ella know how much we'd all love to join their four-layer fun zone of young female flesh. But would we even remember their individual names while splattering them all with our cock cocktail?

Christy & Janine

Even nice girls can be mischievous once in a while. Christy and Janine, both 18, are good girls *most* of the time. Not wanting to be labeled as goody-two-shoes girls or as geeks, they decided to assert their rebelliousness and cut out of school one day. Christy, the blonde babe who is just a tad naughtier than Janine, stumbled upon her parents' liquor cabinet. 'What the fuck!', she thought, and began swigging from the bottle. Before they even realized it, they consumed enough booze to turn them bi! Their curiosity came out, and these sex kittens got punch drunk on pussy!

Penny and Charlie go

together like most fine flavors that compliment each other. Whether wine and cheese or peanut butter and jelly, these two 18-year old roommates are seemingly inseparable. We couldn't pry them apart with a crowbar. How about a huge strap-on dildo? Pigtailed brunette Penny and blonde Charlie take turns stuffing each other's pussy while wearing their favorite sex toy. They say they know how to use a penis better than most guys they've been with. "This stays hard a lot longer!" Penny teases. "And we eat pussy better than guys do too!" That sounds like a challenge, Penny...

When did you realize that you weren't like the other girls?

When I was running in track everyone used to tell me that I had a big butt, it was around then. I was always wanting to be promiscuous. I'd come across some things on the internet, and I always idolized the girls in magazines, but I knew that it was wrong. Honestly, I think that's part of it. Because it is wrong, I just think it's really fucking hot.

Are you related to Jimi Hendrix? No.

What's your favorite Hendrix song?
"Foxy Lady."

loli

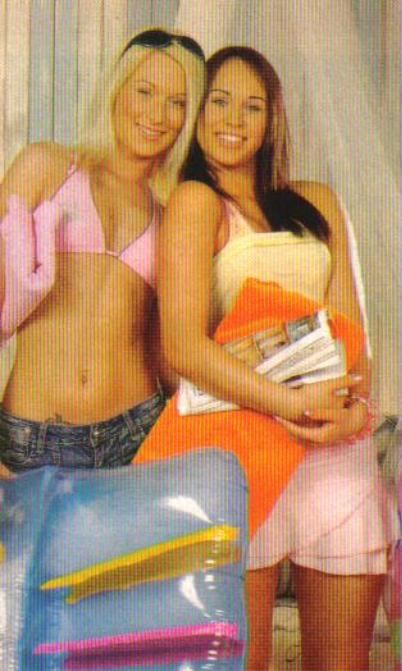

Surfer girls like to suck dick. The phallic penis shape reminds them of a surfboard. For **Loli**, catching a good cock is even better than catching a good wave. She can ride it all the way and not worry about falling off. When she hits her break point, she dodges cum wads instead of crashing water, and both give a wet, orgasmic rush that tingles her body and satisfies her soul!

alexa & kitty

Alexa & Kitty are a couple of hot, young beach bums who like probing each other's bums with their tongues! Classes start again soon and summer's coming to a close, so the girls ended their summer with a lesbo *bang* back at the beach house, licking twat and fucking each other all afternoon with their double-headed dildo!

SCARLETT FAY & LEE STONE

Barns are typically known for hay and domesticated animals, but occasionally it is humans who take their escapades into the big red structures. Whether it's fantasy or convenience, Scarlett and Lee certainly are riled up in this environment, obvious by the focused and feverish way their tongues go at each other's private stashes.

To get the penetration party started Scarlett balances herself with one hand on a bale of hay while Lee holds one of her legs high in the air, his cock disappearing into her well-represented snatch. She whimpers and smiles, watching Lee slam it in, her snatch lips gripping his rod and finally her spare hand finding its way to her clit.

She falls onto the hay landing in a doggie style, Lee coming in from high above to get the angle that will allow him to sink as deeply as possible, and Scarlett can't stop smiling with satisfaction. When she thinks Lee could use a break from his workout, she gets on top, legs spread wide as she squats over him, her puffy snatch taking his long sword into her bald gash. Her tits bounce as she grinds on top of him. "I want to feel you so deep," she calls out. "Oh, you're so deep. Just like that! I wanna cum on your fucking cock!" And she cums hard, not slowing down for even a moment.

Lee gets on top again and that's when she tells him she wants him to blast on her snatch. He pulls out, unloads on her hole, then sinks his prick back in, taking chunks of his white load with him.

ASHLYNN BROOKE & JERRY

Jerry knows how to pick up the new coeds on campus, and Ashlynn is as easy as any of them. He inspires her with his tale of overcoming his home country's repression and of course the accent doesn't hurt matters. They make it back to her dorm room and before he can even shut the door she is unbuttoning his shirt and he is pulling up her skirt, his hand anxiously sliding beneath her panties as she whips out his pecker.

After getting to know each other with some foreplay, the perky, pretty prick-lover is sprawled out on his bed, legs spread and Jerry's drill tapping into her honeypot. "Oh yeah, get nice and deep in there," she says encouragingly. "Your cock is just perfect!" He grasps her tits as Ash cranes her head to watch his cock disappear into her moist hole, her hair waving with his thrusts.

Through a couple maneuvers she finds herself on top, fingers playing with her clit as Jerry jackhammers from below. Ashlynn does some quality riding and grinding herself, her big tits swaying majestically as his cock crams in and out without reservation.

When she bends over to let him do her from behind it's the final stretch for both of them. Her snatch is still tight on his rod and they ride on through her orgasms and then get to his. He pulls out at the last second, dousing her ass and snatch with his lust liquid.

BY ACME ANDERSSON

There are few things in life so special for a girl as her arrival at college. The discovery of true freedom, the unfettered access to an entirely new group of boys and—most importantly—full access to sex anywhere and anytime. And you thought college girls did all their learnin' from books!

Ashlynn Brooke and her pretty pals are the quintessential coeds. They are gorgeous, precocious and starving for knowledge—especially when that knowledge leads to their sexual gratification. Friends that she keeps at college include blondes **Sammie Rhodes** and **Sabrina Rose**, devilish redhead **Scarlett Fay** and that sweet and filthy girl next door, **Lexi Belle**.

In this volume of the *Ashlynn Goes to College* series, Ashlynn rallies the troops for a spring break vacation. The trip is filled with thrills and chills with everyone questioning what is real and what is imagined. All anyone really knows for sure is that the sex is real—real hot that is!

STARRING: *Ashlynn Brooke, Sammie Rhodes, Sabrina Rose, Scarlett Fay and Lexi Belle*

LEXI BELLE & JOEY BRASS

If there were a sex Olympics—and there should be—Lexi and Joe would be shoe-ins. In this scene they certainly take an athletic approach, and it's a good thing that Joey's so in shape because we all know that Lexi, despite her amazingly innocent appearance, is an absolute sex machine.

Ashlynn Brooke discovers her neighbor getting plowed every which way when she goes over to ask them to keep it down. They don't even notice her standing in the doorway, and once she sees the raw passion being unleashed, she accepts the racket and kindly closes the door without saying a word. Lexi is flat on her back, moaning wildly, tits flopping and her lower lips expansive and gripping his cock, which pounds her non-stop as he presses her thighs back, keeping her gash well exposed. They morph into a spoon and then into doggie style. While Lexi will be the first to tell you she's submissive, there is a certain aggression in that passivity, and she is a willing and thrilling participant in this intense romp. She is quick to push back, ensuring that his penetration is as deep as possible.

He drills her boldly, but still has the composure to yank it out and take aim at the pretty babe's face. Lexi takes it hungrily, strategically positioning her mouth in an effort to taste as much paste as possible. She strokes him more, sucking the head, not letting a drop disappear without hitting her tongue.
